QUICK START

For all services, you can pay using a credit card on the online order form at

<https://shepherdhoodwin.com/order/>

For each item, you will be prompted to provide what is needed. You can also use PayPal or mail a check. All sessions can be extended; additional time is prorated. Please allow up to six weeks for all written work.

For MICHAEL READING CHART orders, provide a headshot photo, birth information (if available), previously channeled chart information (if any), and \$90. An emailed WRITTEN EXPLANATION (about 13,000 words) is an additional \$275.

For an INTUITIVE READING, write out your questions in priority order (I don't need a copy) and email photos of yourself and those you wish to ask about.

Intuitive readings are \$195/hour, \$110/half hour. You can share a session with another person(s). Most sessions are done over the phone, after which a link to an MP3 recording is sent. For international sessions, Skype or Zoom is used. CHANNELING COACHING, PAST-LIFE THERAPY, and CONSULTING are also available at \$150/hour. (Past-life therapy sessions are two hours.) For WRITTEN INTUITIVE READINGS, the fee is \$60 for up to twenty minutes. If you have more than a few short questions, a full live session is recommended, since that allows discussion and energy work.

Channeled TRUES—*true play, rest, study, and work; life task*—are \$60.

A profile of the SOUL CONNECTION between two people is also \$60 (order a written intuitive reading). I check for shared past lives, work together on the astral plane between lives, any karma, monads, or agreements, and the general nature of their relationship.

WHO IS MICHAEL?

Michael is a causal plane teacher. The causal plane is an intellectual dimension directly “above” the astral plane, an emotional dimension. (We dwell on the lower astral plane between lifetimes.) They are a group entity consisting of one thousand fifty souls working in cooperation who have completed their lifetimes on the physical plane. Michael communicates with us through an age-old process known as *channeling*. In channeling, an individual allows a discarnate being to speak through him or her. There are several Michael channels who, in many cases, channel different members of the entity.

THE MICHAEL TEACHINGS

Michael teaches that we are eternal beings journeying from the Tao and back again in an adventure of exploration and creativity. Each step along the way, we make choices that shape our experiences. After committing to a series of

lifetimes on a planet, we choose one of seven *roles* or soul types: *server, priest, artisan, sage, warrior, king, and scholar*. We also form soul-level relationships by teaming up with an *essence twin* and *task companion* and taking our position within consecutively larger units such as *entities* and *cadres*.

When planning an individual lifetime, we make other choices called *overleaves* that form our personality and allow specific achievements. As with the roles, there are seven each of the *goals, modes, attitudes, etc.* We also make *agreements* and join with others in various configurations for a variety of purposes.

Although they deal with the large picture, the Michael teachings are grounded and relevant to our daily lives. People typically find that the insights they gain are highly useful and liberating. They help us understand why things are the way they are and how we can effectively work with them. This results in increased acceptance of ourselves and others, ultimately leading to *agape*, or unconditional love, our highest goal, according to Michael.

MICHAEL READING CHARTS

A channeled Michael Reading chart contains your role, overleaves, etc.—over twenty pieces of information on one page.

One Michael Reading chart without explanation is \$90; ten or more charts requested in a single order are \$80 each. If you lost your chart, I will send you a PDF REPLACEMENT at no charge. Charts are emailed as a PDF. Please allow up to six weeks for all written work, including charts.

UPDATES are \$20 each. Most chart information doesn't change. One only needs an update if the original chart lacks information currently on charts, if the subject was too young to have a chief obstacle at the time the chart was channeled, or if s/he was manifesting a soul age younger than the actual soul age. If the original chart was channeled by someone else, please order a new chart.

Please request charts rather than asking for Michael Reading information on others during live sessions, since I channel it at a computer. You can order your "TRUES"—*true play, rest, study, and work; life task*—on the order form. Other information not included on the chart can be asked for during an Intuitive Reading.

A written Michael Reading CHART EXPLANATION (about 13,000 words) is \$275 in addition to the chart itself. You are welcome to email questions or comments after receiving it. You can also order readings on other people in your life, either correlated with yours or explained separately. Feel free to email a paragraph detailing your career, hobbies, and aspirations if you'd like them addressed in your explanation. There's a sample chart and explanation at:

<https://shepherdhoodwin.com/michael-teaching/sample-chart-and-explanation/>.

My book *Journey of Your Soul* can also help explain your chart, along with several other Michael books. See:

<http://shepherdhoodwin.com/michael-teaching/michael-and-related-books-by-other-authors/>)

Most out-of-print books can easily be found online at sites such as amazon.com.

WHAT YOU NEED

When requesting a chart, please relate:

- Any Michael Reading chart information already given by any channel or psychic (including yourself). Please include:
 - (a) The name of the channel or psychic.
 - (b) The date of the channeling.

(c) Your validation of the information. If you question an item, briefly say why.

- The nature of your relationship with the “chartee” if not yourself, such as “friend,” “son,” etc.
- A clear and clearly labeled jpg photo showing the eyes (around 50-100 KB cropped to the head is ideal), or a paper photograph, which will be returned with a self-addressed stamped envelope. A recent one is preferred, but whatever you have is fine; other people can be in it.
- Date, time, and place of birth if possible (if not, that’s okay—this is just for research and further identification).

After receiving your chart, live with the information for a while. If there are things you don’t validate, feel free to contact me, briefly stating why. I will talk you through them and, if necessary, ask Michael to double-check at no charge.

INTUITIVE READINGS

During an intuitive (or psychic) reading, I draw from essence (higher self), guides, and my truth sense to access whatever information is in your highest good to receive at that time. These sessions are supervised by Michael, and I can work more directly with them to get technical Michael teachings knowledge. (For chart information, please order a Michael Reading chart. You can order “trues”—*true play, rest, study, and work; life task*—in writing on my order form.)

Although the future cannot be predicted per se, I can help you look at where events are currently heading, your essence’s plans, and how you can create positive outcomes.

Feel free to ask any questions you wish. Common ones concern relationships, life task, past lives, difficult situations, and personal growth. Sessions can encompass communicating with deceased loved ones (mediumship), animal

communication, past-life readings, and therapy/counseling. I can also describe your energy patterns and help you shift them. All my sessions include healing energy work. These sessions are fun, down to earth, and enlightening. The fee is \$195/hour and \$110/half hour. You can also order a written intuitive reading up to twenty minutes for \$60.

You can request a written profile of the soul connection between two people. I will check for shared past lives, work together on the astral plane between lives, any karma, monads, or agreements, and the general nature of your relationship. Please order a twenty-minute written intuitive reading for this.

It is highly recommended to email photographs of people about whom you wish to ask. If you are not able to, "tune in" to them strongly by visualizing or thinking of them when asking about them. If you mail hard-copy photos, they will be returned if you included a self-addressed stamped envelope.

Sessions can also be free form, but it's recommended to write out questions ahead of time for at least your first session, and prioritize them in case there isn't time for all of them (you don't need to send them to me). The number covered varies greatly and is difficult to predict. It depends both on their nature and your individual needs, but about eight questions per hour is a reasonable guideline. You can request a short or in-depth answer. You can also choose to extend the session.

You get answers to the questions you actually ask, so it is helpful to think them through and state them clearly. Make them specific and focused if you are looking for specific and focused answers. Don't assume knowledge. Briefly summarize situations you ask about, supplying full names, the nature of relationships, etc. Giving details helps clarify what you want to know and saves unnecessary work. Likewise, feel free to ask for clarification or more detail. The more you take responsibility for your experience of the session, the richer it will be.

CHANNELING COACHING

Many people are interested in learning to channel and need some help getting started. In channeling coaching, I safely guide you into the experience and support you each step along the way. The fee is \$150/hour. *Opening to Channel* by Sanaya Roman is a suggested text.

PAST-LIFE THERAPY

In past-life therapy, I guide you back to past lives to help you release experiences that are holding you back or to remember those that can enhance your current life. The fee is \$300 for two hours.

CONSULTING

Consulting sessions allow you to ask questions about the Michael teachings and your charts. This is especially useful when you'd like to explore several. The fee is \$150/hour. (You can also order written explanations of charts.)

COMMENTS FROM CLIENT LETTERS

Though it has been a few days since our session, I still think of little else. You have a wonderful gift that I am grateful and honored to have shared.

The Michael teachings have been of the greatest importance to me. I thank you eternally for your work.

Michael and you always make things so clear and make my way clear before me.

The Michael Readings you channeled on my children were very informative and eye-opening for me. They shed light on their behaviors that helped me immensely.

It was immensely important for my life that I have met you. Ever since you helped me learn to channel, I've known that I'm on my path.

I feel better than I have in quite a while since our phone session, very energetic, relaxed, and “smoothed out.” During the session itself, I could feel the energy “zapping” me. I saw various colors in front of my closed eyes, and experienced glimpses of my essence. The feeling was pure bliss!

I was really impressed by my session with you. I’ve been very up for the past two days. The whole thing was rather amazing and I still feel like things are shifting around for the better. I’ve been sleeping and eating better also.
